### ALL SERVICES AT ST. JOSEPH'S ARE LIVESTREAMED

**Thoughts on the Gospel .....** *Today's Gospel is a call to remember who we really are. It is a reminder that we are part of a community that lives in a radically different way. Its members have listened to the call of Christ the King who invites them to transform this world through a radical solidarity with all others by giving their own lives, and everything they have and are, for their brothers and sisters. This community was to be a model for the world.*

*In practical terms we cannot abandon humanity but rather involve ourselves in projects like the promotion of goodness, the struggle for justice and peace, and the care of the earth.*

*Pope Francis reminds us that holiness is the most attractive face of the Church. He spoke in Croke Park during his Irish visit: 'The Church is the family of God's children. A family in which we rejoice with those who are rejoicing, and weep with those who grieve or feel knocked down by life. A family in which we care for everyone, for God our Father has made all of us his children in Baptism.'*

*Such a society would be truly rich. If all we think of is number one we are not going to add up to very much.*
